**9. TEAM STANDINGS:** The following point system will be used to determine team standings:

- a. Winner of a finals bout – 2 points
- b. Winner of a semifinals bout – 1 point

Note: One (1) point will be awarded regardless of the method of winning (Exception: Bye round winners will receive one (1) point only if the boxer wins the next bout). In the event of a point tie for the first place team position, the service having the greatest number of gold medalists, earned through competition in the ring, will be the winner. If a tie still exists, then the service with the greatest number of silver medalists will determine the position. No points will be awarded in a weight class where no bout is boxed.

**10. AWARDS:**

- a. Individual: Awards are given to the champion and runner-up of each weight class.
- b. Team Award: Individuals awards are given to each member of the first place team (to include the team trainer/doctor and OIC).

**11. TEAM COMPOSITION - ARMED FORCES CHAMPIONSHIP:**

Roster not to exceed 15 individuals:

- 11 Boxers
- 1 Coach
- 1 Asst Coach
- 1 Certified Trainer/Doctor
- 1 OIC

**12. TEAM COMPOSITION FOR CISM:** As follows or as dictated by host country invitation:

- 11 Boxers
- 1 Coach
- 1 Asst Coach
- 1 Certified Team Trainer/Doctor

1 Chief of Mission  
2 Technical Committee Members  
2 AIBA Referees  
TOTAL: 19

Note: Coach Selection Policy – CISM, Nationals: The overall team champion head coach will be the head coach for the Armed Forces Team. Overall second place team head coach will be the assistant coach. All coach selections are subject to review by the Service representatives at the championship. If either champion or second place coaches are available for higher level competition the Armed Forces Sports Working Group (AFSWG) will vote to select a replace coach.

**13. ATHLETE ADVANCEMENT TO HIGHER LEVEL:** A gold medalist advances to higher level competition. If the gold medalist is not available, the silver medalist advances. If neither gold nor silver medalist is available, the weight class will not be filled unless the AFSWG votes on an exception to policy to allow another qualified athlete to substitute. All athletes advancing to higher level competition should have competed at the Armed Forces Championship, but can be considered if the gold or silver medalist is unavailable on a case by case basis.

**14. REGULATIONS FOR MILITARY PERSONNEL COMPETING IN ALL COMPETITIONS:**

a. Boxing Restriction – A boxer is limited to one bout per day. This restriction applies to military boxers competing in military, Golden Gloves, Nationals, and all other “boxing event”.

b. Boxing competitions are referred to as “Boxing Events” or “Boxing Show” rather than “Fights” or “Smoker”. Advertising should promote the healthy spirit of an athletic competition in the vein of the Olympic status the sport of amateur boxing enjoys. The primary emphasis in every situation will focus on the safety of the competitors.

c. Organizers of events involving military boxers are required to retain and be familiar with e contents of current copies of four publications promulgated by the USA Boxing Federation, Inc. (USA Boxing), which is the national governing body for boxing. The publications required are: the Official Rules; the Physicians Ringside Manual; and the introduction to Olympic Boxing Pamphlet. The address to order from USA boxing is One Olympic Plaza, Colorado Springs, CO 80909-5776. There is a nominal charge for these publications. The rules and guidelines must be followed except as amended in the document.

d. All personnel (competitors, coaches, referees and physicians) are required to attend at least one pre-competition meeting or clinic. The purpose is to review concepts contained in the Safety Awareness Manual and to explain procedures specific to the event. Additionally, at this meeting competitors who have little or no experience will be given basic instructions on the principles of self-defense and the rules of the sport.

e. Organizers are encouraged to assist coaches, referees, and judges in attending clinics and workshops offered through USA Boxing or respective Services. The knowledge obtained will reflect in the quality of future events and proficiency and safety of participating athletes.

f. As contained in the Official Rules, only a medical Doctor or Doctor of Osteopathy may perform pre-competition physical examinations or attend at ringside during the event. Physical examinations are mandatory for each competitor on the day he is scheduled to box. Any boxer

complaining of headache symptoms will not be permitted to box in the subsequent event. Medical officers providing support must be familiar with and meet the requirements of the Physician's Ringside Manual. The professional qualifications of these medical officers should at least include current competency in the emerging treatment of head trauma, management of traumatic injury, certification in advanced cardio-pulmonary resuscitation and experience in the transport of an unstable patient. The ready availability of sophisticated diagnostic and neurosurgical care must be identified and contingency plans for access developed.

g. Gloves worn will be either thumbless or thumb-attached of a design currently approved by USA Boxing. Glove weight is specified by USA Boxing. Headgear must also meet USA Boxing specifications and will be worn by boxers regardless if competition on base or in civilian venues and including all sparring sessions. Mouthpieces must be custom made and individually fitted. Groin protectors must meet USA Boxing specifications and must be worn at all times during competition and sparring. The breast protector (for women boxers) must be well fitted and not interfere with the boxer's ability to box.

h. Boxing events will consist of bouts lasting no more than four rounds. Each round is not to exceed two minutes with the exception of International competition which is five rounds with each round not exceeding two minutes. Extreme care will be taken when pairing boxers using USA Boxing criteria to ensure equitable matches.

i. Assistance in obtaining referees, judges, timers, etc., may be possible at U.S. locations by contacting the Local Boxing Committee within whose territorial limit the event is held. Also, in the event qualified medical support is not available in the military, organizers must obtain support from outside sources.

j. In summary strict adherence to these regulations is essential to provide the best possible environment in which to conduct a safe boxing program.
